EDUCATIONAL OBJECTIVES: Upon completion of this symposium, participants will be able to:

- Describe recent medical advances in the diagnosis, management, and treatment of conditions encountered in the practice of pediatric ophthalmology and strabismus.
- Apply improved techniques, compare/contrast methods, and review clinical research and advances in order to provide the best possible treatment options and care to patients.
- Demonstrate methods of ethical analysis and resolution of these dilemmas.
- Practice newfound expertise in select aspects of surgery pertinent to pediatric ophthalmology and strabismus.

**FDA Status Disclaimer:** The FDA has stated that it is the responsibility of the physician to determine the FDA status of each drug or device he or she wishes to use in clinical practice, and to use these products with appropriate patient consent and in compliance with applicable law. The AAPOS provides the opportunity for material to be presented for educational purposes only. The material represents the approach, ideas, statement, or opinion of the presenter and/or author, not necessarily the only or best method or procedure in every case, nor the position of AAPPOS. The material is not intended to replace a physician’s own judgment or give specific advice for case management. AAPOS specifically disclaims any and all claims that may arise out of the use of any technique demonstrated or described in any material by any presenter and/or author, whether a physician or any other person asserts such claims. Please note: AAPOS requires all presenters and/or authors to disclose any drug or device that is not approved for use by the FDA during any oral presentation and/or on all written material.

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Academy of Ophthalmology and the American Association for Pediatric Ophthalmology and Strabismus. The American Academy of Ophthalmology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Academy of Ophthalmology designates this educational activity for a maximum of (to be determined) AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

POSTERS: There will be two sets of posters displayed during the meeting. The first set will be displayed Saturday afternoon through Monday morning. The second set will be displayed Monday afternoon through Wednesday morning. Please keep this in mind as you plan your poster viewing time. Posters will be available for viewing each afternoon and evening. A full listing of posters is below.
